Dr. Fred Harvey Harrington
President
The University of Wisconsin
Madison, Wisconsin

Dear Fred:

Many thanks for your letter of April 21.
I have a date with Professor William Young next Monday,
and after that Ward and I will see when we can arrange
a date with you and Vice Presidents Clodius and Peter-
son, and Professor Young for further discussions
relative to this entire important matter of the patent
business.

I find that from my standpoint May is going
to be badly broken up by a number of travel obligations,
but shortly after my visit with Professor Young I will
get in touch with you.

With all good wishes,

Sincerely,

DCS:b
